# Cozy Coupe Cookie Recipe

## Ingredients

- 1 package of refrigerated cookie dough
- Vanilla frosting
- Food coloring (preferably red and yellow)
- White decorator icing or gel
- Chocolate candies or mini sandwich cookies

## Directions

1. Preheat the oven to 325 degrees. Line a jelly-roll pan with foil and grease lightly.
2. Press the cookie dough into the prepared pan. Using your fingers, pat down gently.
3. Bake for 15-20 minutes. Cool completely before cutting away edges of dough to form a large rectangle.
4. Cut the bars into rectangles to form the car bases and car tops; the bases should be longer than the tops.
5. To assemble, coat the top of the car bases with red frosting. Frost the car tops with yellow frosting and place on top of the car base.
6. For the wheels, dip chocolate candies or mini sandwich cookies into frosting and place on the car base.
7. Decorator icing can be used for the headlights/eyes and tail lights.
