

D.I.Y. Face Paint

What better way to get ready for the Ultimate Teamwork Challenge than to paint on your game face? Here's what you'll need to make some fun D.I.Y. Face Paint:

Supplies:

Corn starch	Small containers (one for each different color)
Face lotion (unscented)	Small bowl
¼ teaspoon of vegetable oil	Face sponges
Washable, non-toxic paint	Paint brushes

Instructions:

1. In a small bowl, mix equal parts corn starch and face lotion until it forms a thick mixture. Add ¼ vegetable oil to help keep the paint from caking. Texture should be smooth without being too watery.
2. Add two tablespoons of mixture to a small container. Combine with a pea-sized amount of washable paint. Stir until color is even throughout.
3. Repeat step two with as many different colors as desired.
4. **SWATCH TEST:** As with any new makeup, perform a swatch test before full application. Rub a dot of mixture to the back of the hand of the person who will be wearing it. If irritation or reaction occurs, **DO NOT APPLY TO FACE.**
5. If no reaction occurs during the swatch test, apply using face sponge or paint brushes.
6. Allow paint to completely dry for a smudge free look.

TIP: For smoother application, add a few drops of water to the paints.
