

Movie Night Popcorn Balls

RECIPE

What's movie night without a delicious treat? We put a spin on the movie theater classic snack with this fun popcorn ball recipe. Here's what you'll need:

Supplies:

- ★ 10 cu. of popped popcorn
- ★ 8 oz. marshmallow creme
- ★ 4 tbsp of butter
- ★ Cooking Spray (optional)
- ★ Wax Paper
- ★ 1 cu. M&Ms
- ★ 1/2 cu. chocolate chips
- ★ Favorite movie theater candies (recommended: peanut butter cups, licorice bites, gummy bears, etc.)
- ★ Tray or Cookie Sheet

Instructions:

1. Put popcorn in a large mixing bowl, must be large enough to comfortably stir popcorn without overflowing.
2. Melt butter and marshmallow creme in a saucepan on the stove over low heat. Stir until completely melted.
3. Pour melted marshmallow mixture over popcorn. Stir gently to evenly coat.
4. Add M&Ms and chocolate chips.
5. Add other favorite movie night snacks. Combined candies should make up approximately 1/3 or less of total mixture, with popcorn remaining the dominant ingredient.
6. Stir gently to evenly distribute.
7. Lightly spray hands with cooking spray or grease with butter.
8. Form balls of about 3 inches in diameter of popcorn mixture. Make sure candies are evenly distributed (if the marshmallow mixture is not tacky enough, candies will fall to the bottom of the bowl).
9. Place balls on to a greased wax paper covered tray or cookies sheet
10. Allow to set at room temperature for at least one hour.
